

Mitigate Risks & Maximize Reimbursements

Did you know?

A 2017 report published by the commonwealth fund shows that the US ranks last in administrative efficiency amongst 10 countries with comparable healthcare systems. ¹

Challenges of HIM coding and auditing

A 2020 survey by Wolters Kluwer showed that 67% of the survey participants spent more than 25% of their time on HCC risk adjustment. ²

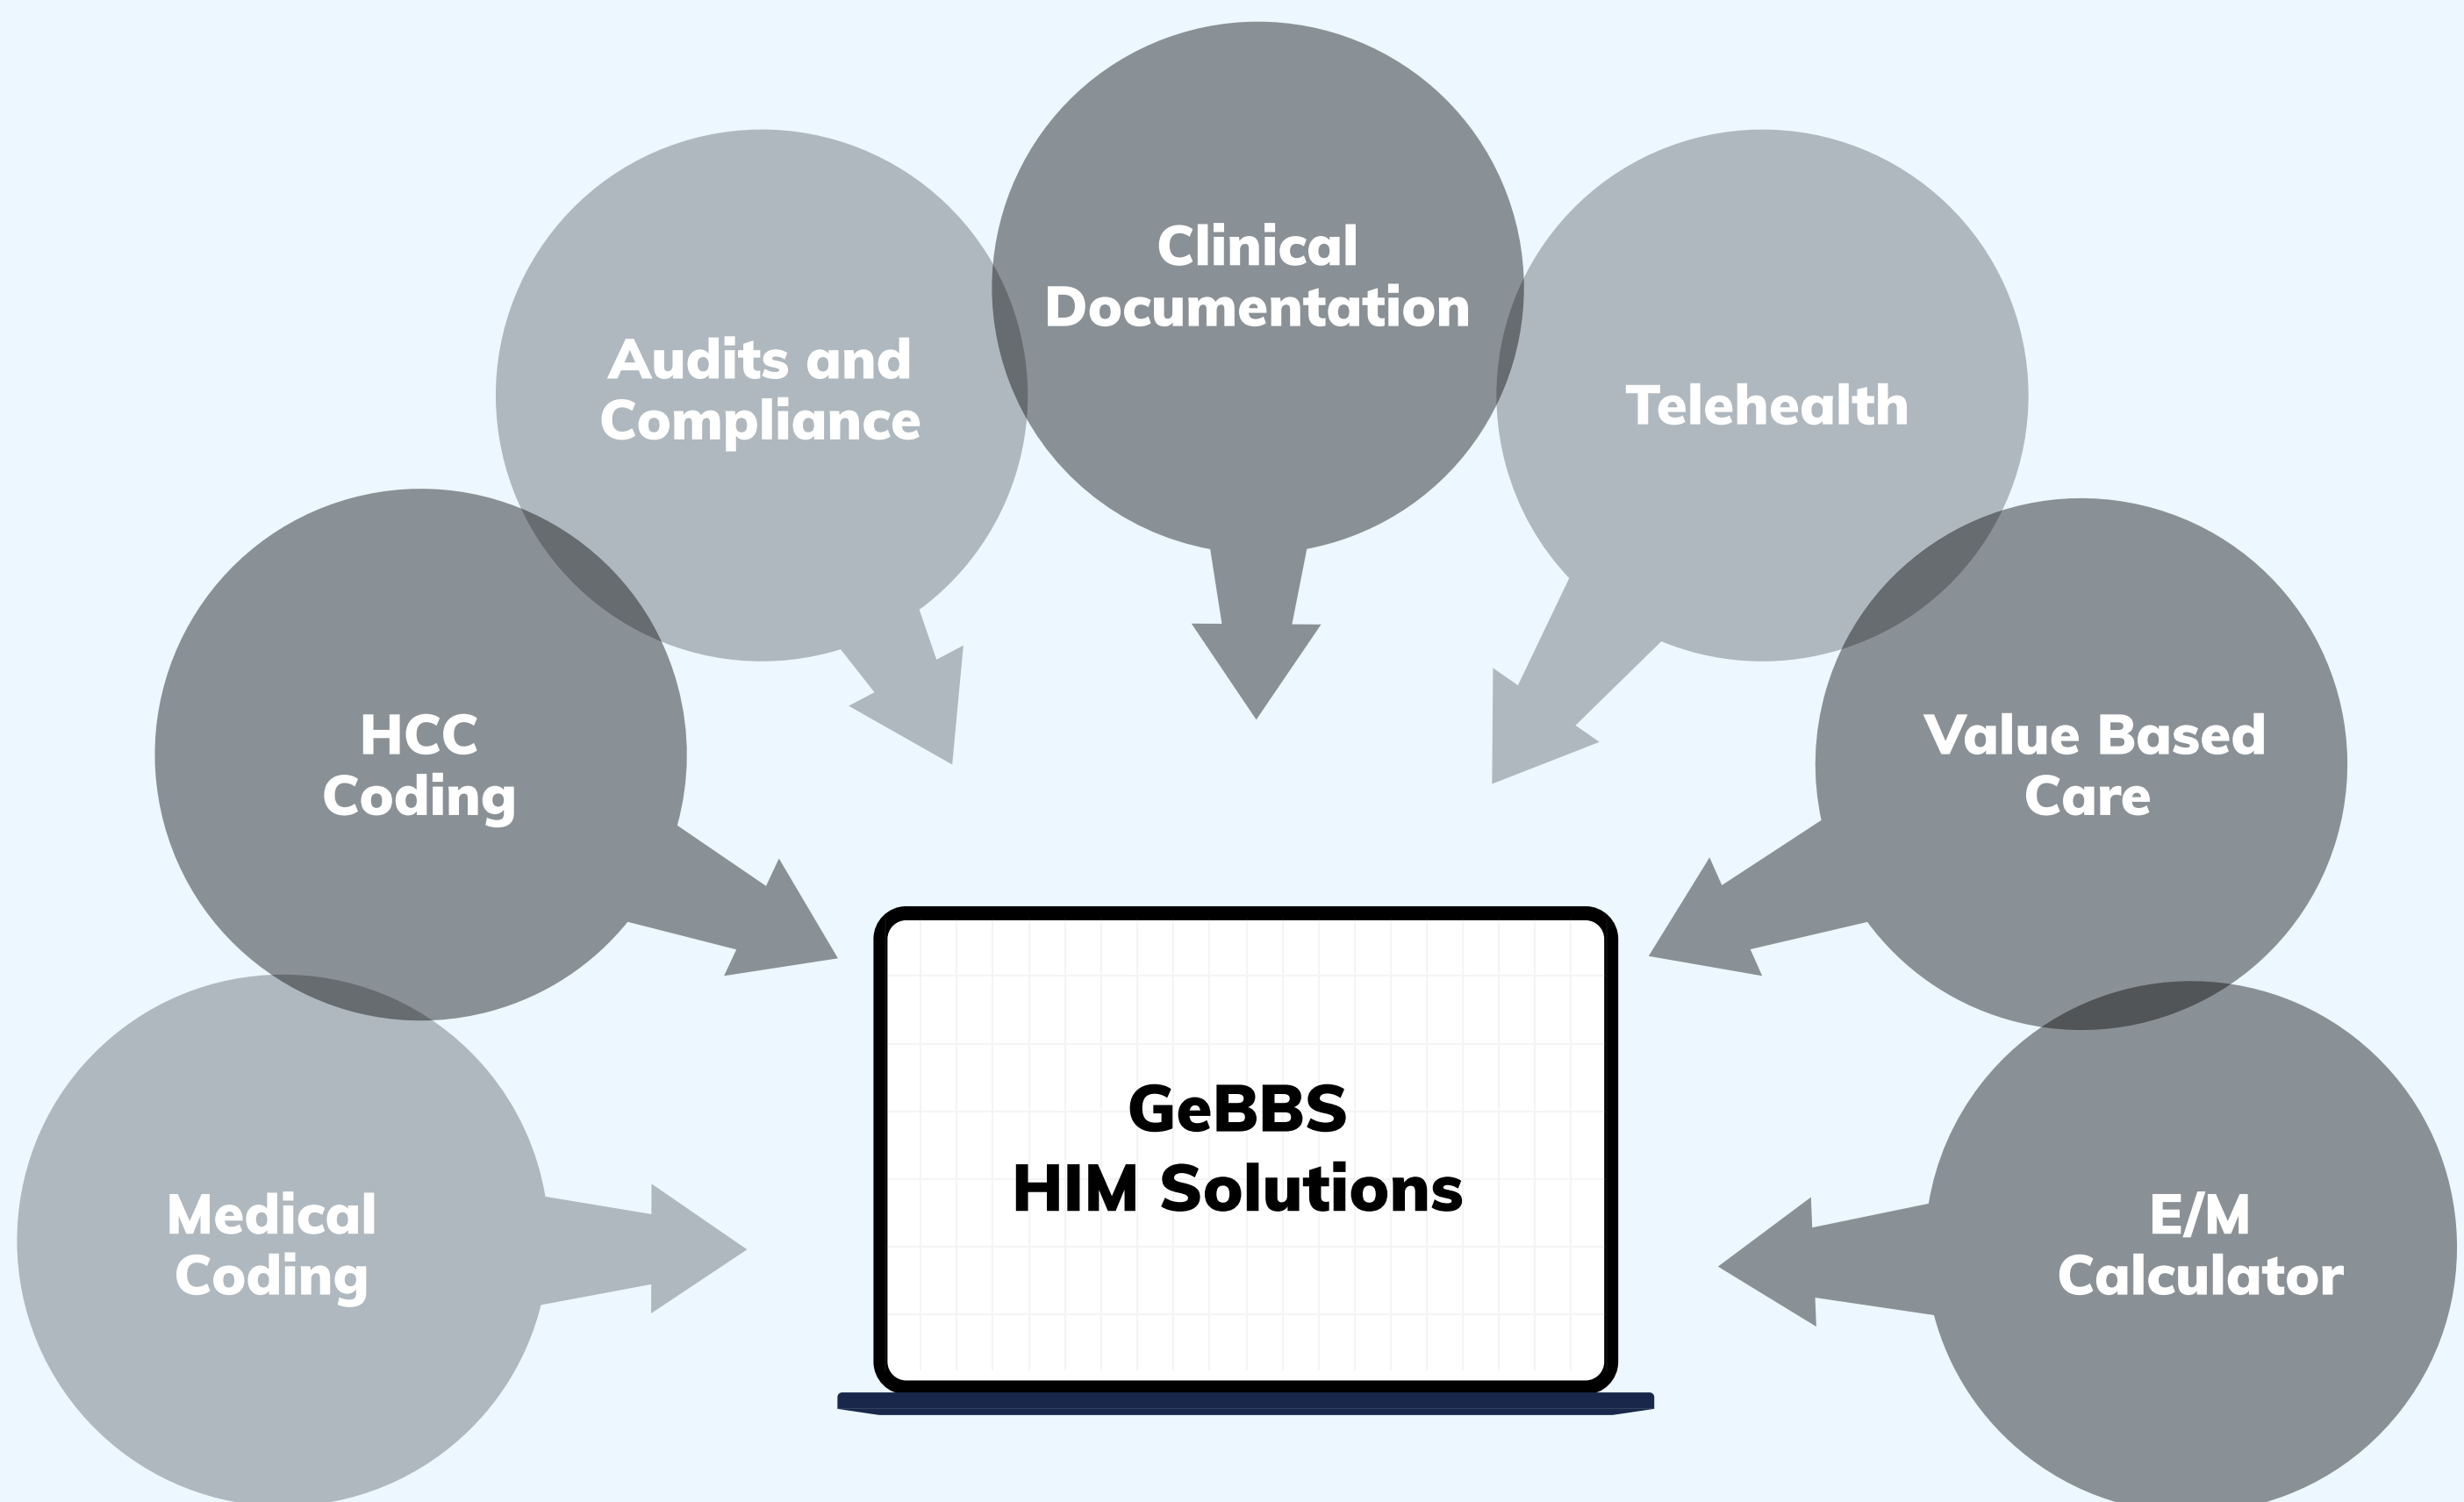

It is difficult to maintain a large local pool of certified medical coders with niche domain expertise.

Clinical documentation is hampered by issues as varied as provider software incompatibility, different formats of documents, and physician apathy/disinterest.

HIM services partnership is key to improving financial results with accelerated and increased cash flow
