GeBBS® HEALTHCARE SOLUTIONS

iCode® ASSURANCE

Improving Coding Quality and Optimizing Reimbursement

Did you know?

Claim denials have risen by 23% in 2020 compared to four years ago. [1]

Intelligent technology that includes analytics and a comprehensive workflow allows you to implement intuitive coding, accurate charge capture, correct documentation, and capture errors before the bill drops.

iCode Assurance: An AI-integrated and Robust Medical Coding Audit SaaS Solution

Optimize your coding audits with our proprietary iCode Assurance tool, which has interactive audit management dashboards, built-in workflows, detailed scorecards, and robust reporting processes. GeBBS' iCode Assurance platform is based on OIG audit methodology and AHIMA's best practices standards.

One Intelligent Tool to Monitor All Your Coding Audit, and Compliance Processes

Medical Coding
Optimized and compliant coding audit process

Concurrent and retrospective coding options

Customizable dashboard and analytics tool

Revenue impact reports

Compliance Coding and Audits
CMS, AMA, AHIMA, and AHA compliance
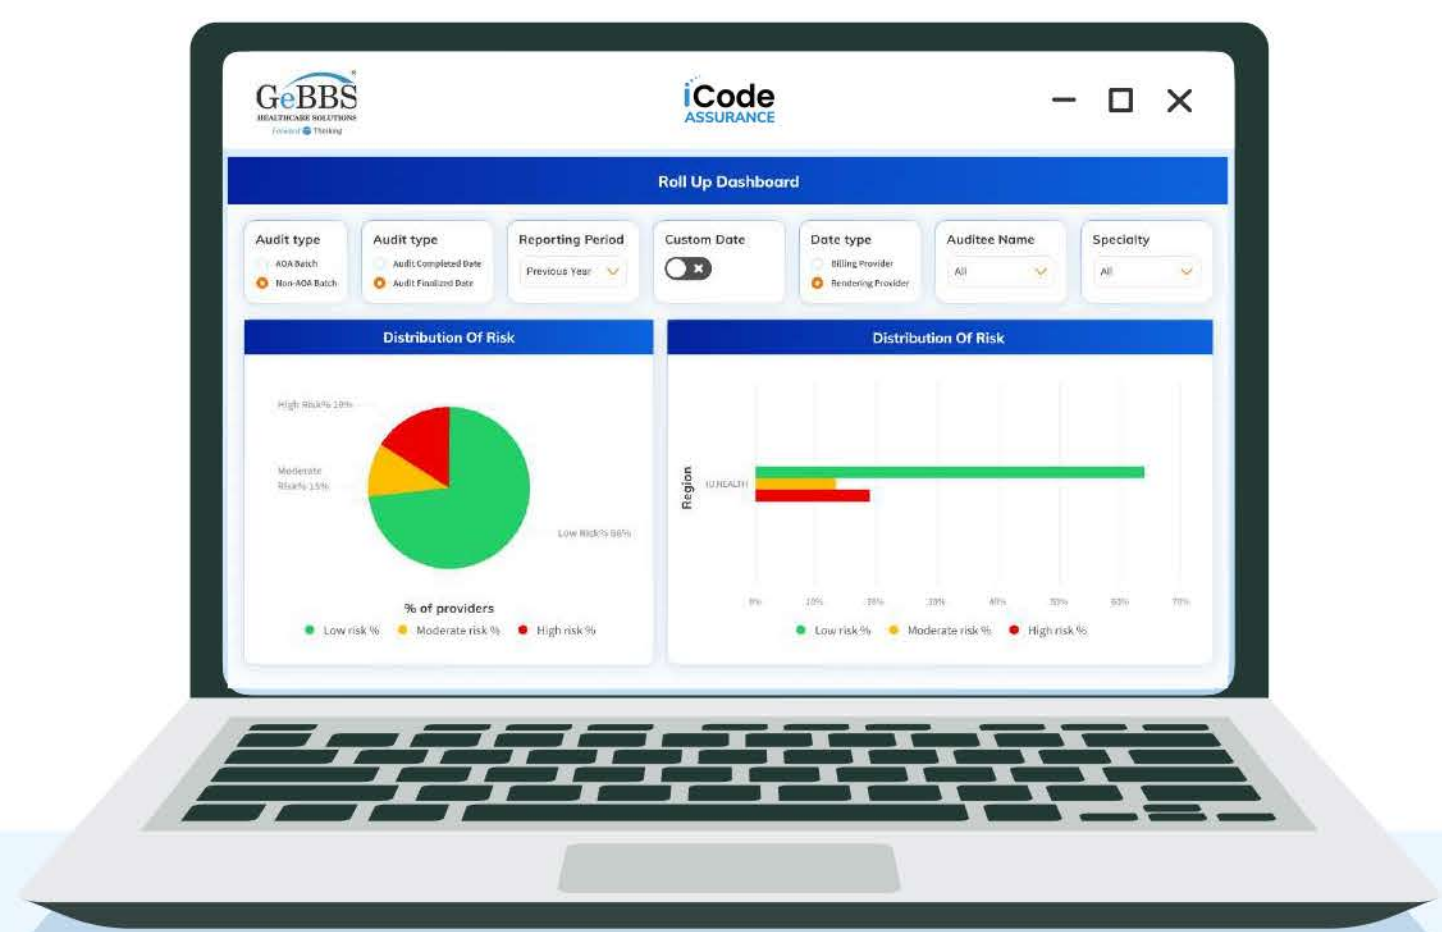

Denial prevention

Cost containment

Payment Integrity
Intelligent analytics and insightful data reports

Accurate claims settlements

Regulatory compliance

iCode Assurance provides an end-to-end coding audit solution including inpatient, outpatient, professional, performance measures, and HCC. Our insightful data reports help your organization maintain payment integrity with accurate claims settlements, ensure regulatory compliance, and improved revenue cycle management.
