

# Streamlining Account Receivable Collections and Management

## Did you know?

According to the Healthcare Financial Management Association, the top-performing hospitals and healthcare systems in 2019 had 17–26% of AR aged 90-days and over.

## Challenges in A/R Management

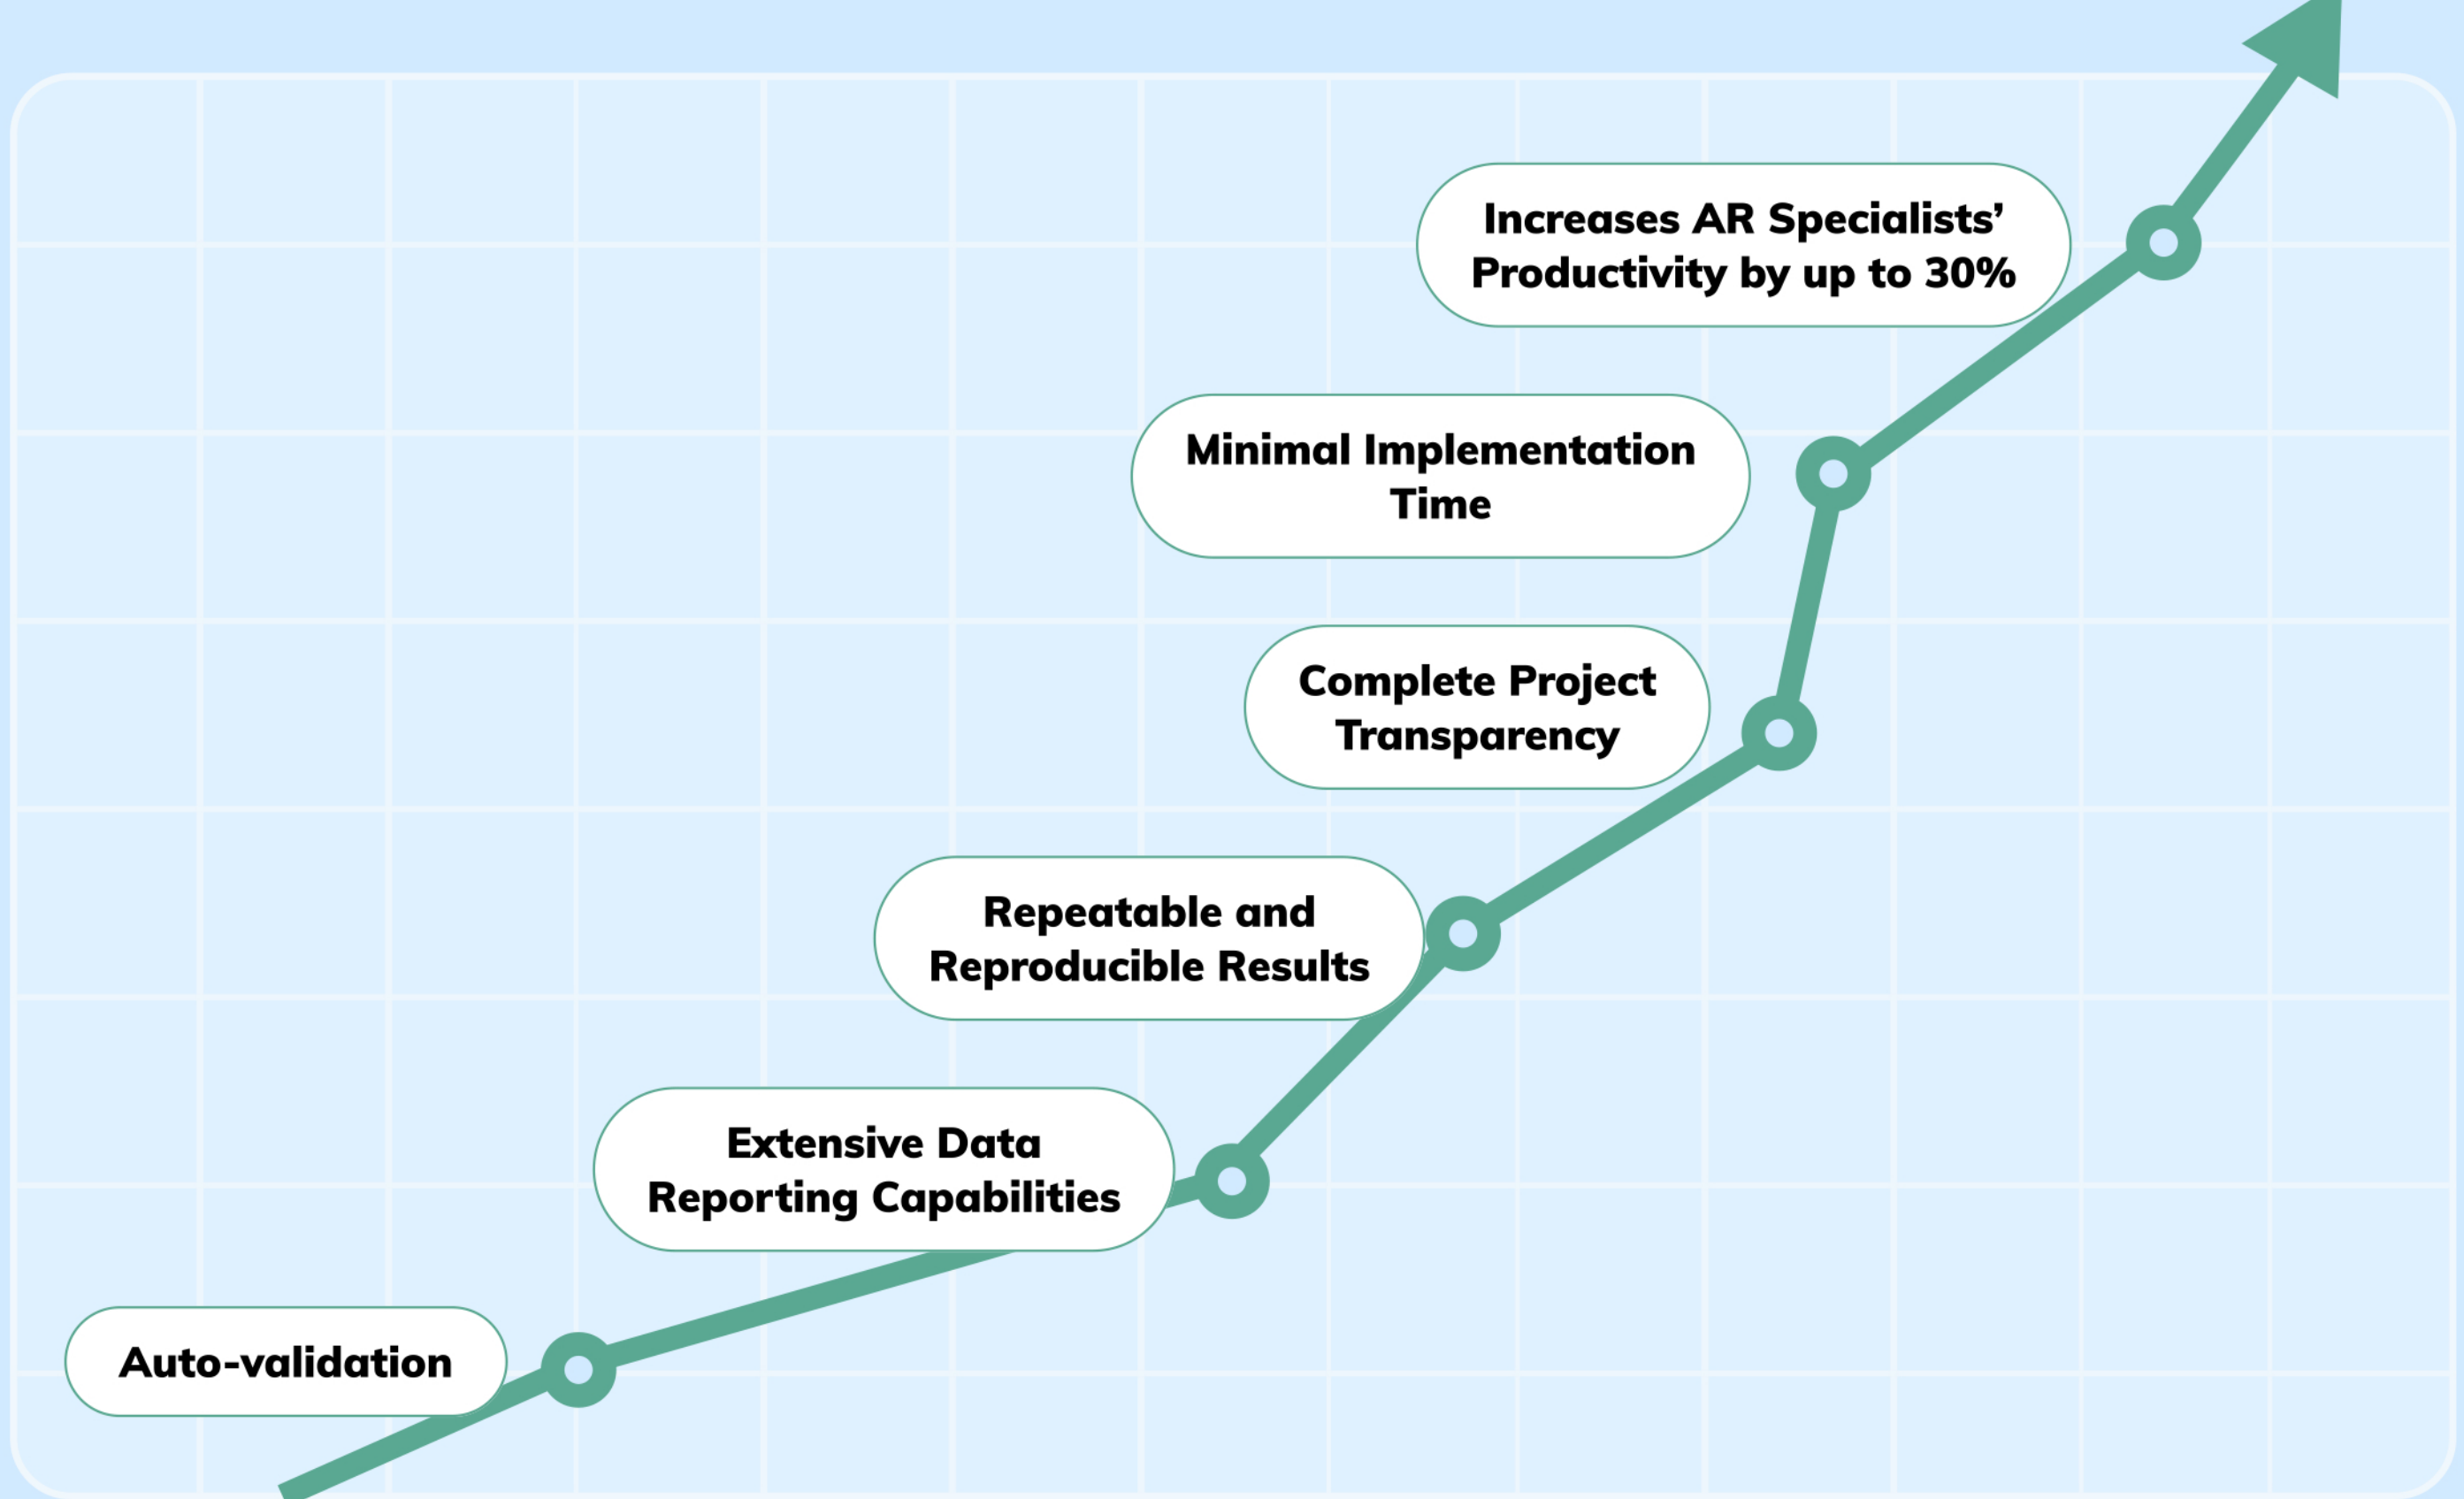

## GeBBS' iAR: A Cloud-based Accounts Receivable Technology

- iAR is an AR management and workflow tool that combines GeBBS' AR resolution expertise with custom parameters to create focused, results-driven workflows
- We built GeBBS' iAR to plug into your current systems to provide better workflows, analytics, and resolution.
