

# Enhancing Coder Performance and Coding Process

## Did you know?

According to the JAMA network, the United States healthcare system could save up to \$175 billion by reducing administrative costs by 50% <sup>1</sup>

## GeBBS' iCode Workflow Solutions Can Help You Navigate This Minefield

## Advantages of the GeBBS iCode Workflow

**Built-in functionalities for custom-mapping incoming data fields**

**Client-system compatible customized output**

**3000+ coders with physician, hospital, and payer experience**

**AI-enabled autonomous coding platform streamlines coding, boosts efficiency, and enhances accuracy**

## Impact in Numbers

**96%+**  
Proven Coding Accuracy

**30-40%**  
Cost Savings vs Provider-based Coding

**3000+**  
AHIMA and/or AAPC-certified Coders

**24 to 48**  
Hour Turnaround Time
